**ACTION TAKEN REPORT
ON THE FEEDBACK REPORT OF ALUMNI**

Sl No	FEEDBACK REPORT	ACTION TAKEN
1	Facilities for conducting co-curricular activities	The college is conducting co-curricular activities by engaging its cells/committees and the students' union. Alumni of the college are also invited as Judges, Trainers for co-curricular activities
2	Healthy academic ambience should be maintained.	The institution is committed to take action for creating a very healthy academic environment in the college campus.
3	Library services and facilities need to be improved	No sanctioned post for the librarian is available till date. The college has been approaching the govt for many years but the post has not been approved. There is only one sanctioned post (vacant) for library bearer and initiatives have already been taken to fill up the post. The college appoints the available employees on part time basis to offer services to the students & faculties.
4	Facilities in college canteen should be improved	The college canteen is under The Thrift & Credit Co-operative society of the college and the society supplies furniture when required. The college is planning to send a detailed proposal to funding agencies like RUSA for establishment of a spacious & well-furnished canteen.
5	Services rendered by the office for the students staff need to be improved	Part time employees in non-teaching staff are engaged by the college and teachers actively engage in official works after completing their teaching works in departments.
6	Overall facilities for students need to be increased	Due to lack of fund generation, the college has to completely depend on government grants. From the next academic year, the college will make a plan to generate funds from diverse sources like alumni, eminent businessmen from the locality etc.

7	Alumni show their willingness towards the overall development of the college	Departments are directed to form the list of notable alumni of the college and to engage the alumni in various activities/programmes of the department
8	Need to strengthen partnership with industries	The college is planning to enter into MoUs with local industries and it is under process.
9	Need to introduce all streams in the college	The college has made efforts by submission of proposals, memorandums etc to the Govt of Assam for introducing Science Stream immediately at the college.
10	More infrastructural facilities are required	The college is submitting proposals from time to time under various schemes of government for more infrastructural facilities. It has also approached Golakganj Municipal Board for building grants.
