**ACTION TAKEN REPORT
ON THE FEEDBACK REPORT OF TEACHERS**

Sl No	FEEDBACK REPORT	ACTION TAKEN
1	Engagement of the employees (teachers) need to be increased in participatory decision making	Teachers have been engaged in participatory decision making and they have been involved actively in various committees/cells/bodies for smooth running of the institution.
2	Feedback from the teachers' shows that 93.7 % of the existing faculties adopt new teaching techniques/strategies such as group discussion, conduct of seminar, interactive classes, assignments, project work & field survey.	Teachers are always encouraged to adopt innovative teaching methodologies.
3	Faculties are encouraged to invite experts from academia, research institutions and industry in workshops/seminars etc. Only 12.5% teachers strongly agree with this. Rests of the faculties are not so serious for inviting experts for fresh exposure of the students.	The IQAC & Academic Council of the college have been directed by the Principal to take initiatives for invitation of experts from academia, research institution etc for benefits of the students and the teachers.
4	More reforms can be brought in for existing examination and evaluation system	Reforms will be introduced from the next academic session onwards.
5	Adequate learning resources are available in the central library but more e-resources are required. There is transparency in procurement of the books, journals etc. in the library	The plan for making more learning resources available in the central library is under process. Transparency in procurement of books, journals etc is always maintained.
6	College website is regularly updated and well maintained	Emphasis is being given to keep the college website updating regularly.
7	The institution encourages faculties to participate in seminars/conferences/symposium by granting leave.	The IQAC of the college always encourages the faculties to participate in academic events and granting of leave is made by the authority.
8	ICT facilities for each of the departments are not available. Faculties use the available ICT classrooms for teaching learning.	Faculties have suggested sharing the available technologically enabled classrooms.

9	Furniture available in each of the departments is adequate.	If renovation is required, the college provides the facilities
10	Common toilets and urinals need to be maintained properly	Cleaners are engaged on hiring basis from time to time as the college has only one grade –IV employee (sanctioned) for sweeping activity.
11	There is a need to introduce add on,value added courses & job oriented courses	The initiative is under process and the college will introduce addon, value added & job oriented courses from next academic session onwards.
12	Strategies should be made to monitor students' regular attendance in classes	Action plan is under process
13	Regular uploading of notices in college website is required.	Action plan is under process.
